Dell was founded in 1984 by Michael Dell, Dell best understand Customers needs and efficiently provide the most effective computing solutions. Dell understands customers expectations and offers powerful, richly-configured systems at competitive prices.

Dell also introduces the latest relevant technology much more quickly than companies with slow-moving, indirect distribution channels, turning over inventory every three days on average. Dell in its list of the world 500 largest companies. The Key success of Dell is fast supply chain, cost efficient and due to its services.

Fortinet makes possible a digital world that we can always trust through its mission to protect people, devices, applications and data everywhere.

Fortinet, Inc. offers cyber security solutions. The Company provides cyber security solutions to a variety of organizations, including enterprises.

Cisco Systems grew rapidly in the early 1990s. The company introduced the improved 7000 model router in 1993, and that same year it began acquiring other companies. Its first purchase, Crescendo Communications, allowed Cisco to move decisively into the field of network switching devices.

Oracle Corporation supplies software for enterprise information management. The Company offers databases and relational servers, application development and decision support tools, and enterprise business applications. Oracle's software runs on network computers, personal digital assistants, set-top devices, PCs, workstations, minicomputers, mainframes, and massively parallel computers.

Kaspersky Lab is a Russian multinational cybersecurity and anti-virus provider headquartered in Moscow, Russia and operated by a holding company in the United Kingdom. **Kaspersky** is a global cybersecurity company founded in 1997. **Kaspersky's** deep threat intelligence and security expertise.

Microsoft is an American multinational computer technology corporation whose history started 4th April 1975. Formed by Harvard College dropout, Bill Gates and his childhood friend Paul Allen, Microsoft has now become the biggest software company. It is also one of the most valuable companies in the world. Microsoft is engaged in developing, licensing and supporting a range of software products and services catering to different requirements.

APC (American Power Conversion) is one of leading manufacturer of UPS and Data Center products, APC has wide range of consumer and enterprise level UPS which is worldwide recommended for IT and sensitive equipment's.

In today's climate of growing energy needs and increasing environmental concern, alternatives to the use of non-renewable and polluting fossil fuels have to be investigated. One such alternative is solar energy. Solar energy is quite simply the energy produced directly by the sun and collected elsewhere, normally the Earth. The process creates heat and electromagnetic radiation. We Provide the complete Solar Solutions for Domestic & Commercial Customers.

Aruba Networks, Inc. provides mobile network access services. The Company develops operating systems for wired and wireless network infrastructure, provides remote access services, and offers data security solutions. Aruba Networks serves clients around the world. Aruba has repeatedly been recognized by third party analysts as a leader in Wi-Fi 6, switching, SD-Branch, and a visionary in Data Center networking. The world's largest companies rely on us to provide a secure, AI-powered edge services platform that spans across campus, branch, data center, and remote working environments.

HP PARTNER AGREEMENT

We welcome you as an HP authorized channel partner (or "partner"). This Agreement authorizes you as a non-exclusive partner for the purchase, resale or sublicense of HP Products and Support.

"You" and "your" mean your company that has signed this Agreement. "We," "us," "our" and "HP" mean HP PPS Singapore (Sales) Pte. Ltd that has signed this Agreement. The term "parties" refers to both you and us, and the term "party" may be used to refer to you or us individually.

This letter, together with the attached HP PARTNER TERMS and all other Addenda and Transaction Documents establishes the entire HP PARTNER AGREEMENT ("Agreement")

The individual representative who is electronically accepting this Agreement certifies and warrants being the fully authorized representative of You with full authority to bind and commit to this Agreement.

Only your electronic signature using the process of our appointed service provider will be considered as a valid signature of this Agreement. No hard copy with wet signature of this Agreement will be accepted.

This Agreement is effective from the date HP signs as identified in the signature panel.

We look forward to establishing a mutually beneficial relationship with you through this Agreement.

HPE Authorization Agreement

Contract Number:
WC8RQ

HPE PARTNER AGREEMENT

We welcome you as an HPE authorized channel partner (or "partner"). This Agreement authorizes you as a non-exclusive partner for the purchase, resale or sublicense of HPE Products and Support.

"You" and "your" mean your company that has signed this Agreement, "We," "us," "our" and "HPE" mean HEWLETT-PACKARD SINGAPORE (SALES) PTE. LTD. that has signed this Agreement. The term "parties" refers to both you and us, and the term "party" may be used to refer to you or us individually.

This letter, together with the attached HPE PARTNER TERMS and all other Addenda and Transaction Documents establishes the entire HPE PARTNER AGREEMENT ("Agreement") between the parties regarding its subject matter and supersedes all prior representations, discussions, negotiations, agreements, or your additional or inconsistent terms, whether written or oral. Additional or inconsistent terms on any purchase order or other document from you will not apply to transactions. No modification of this Agreement or this provision will be binding on either party unless made in compliance with section 1.14, Changes and Amendments.

The individual representative who is electronically accepting this Agreement certifies and warrants being the fully authorized representative of You with full authority to bind and commit to this Agreement.

Only your electronic signature using the process of our appointed service provider will be considered as a valid signature of this Agreement. No hard copy with wet signature of this Agreement will be accepted.

If, immediately before signing this Agreement, you have another reseller agreement in force with HPE using the same WC8RQ ("existing agreement") then the parties to this Agreement agree that the existing agreement will terminate immediately on the date this Agreement becomes effective provided however that any obligations concerning outstanding transactions, warranties, support, intellectual property protection, record keeping and audit, limitations of liability and remedies, confidentiality, and other terms and conditions will survive termination of the existing agreement in accordance with the terms of the existing agreement.

This Agreement is effective from the date HPE signs as identified in the signature panel.

We look forward to establishing a mutually beneficial relationship with you through this Agreement.
